Faculty Handbook

Disclaimer

The book may be used only as a handbook to appraise you with the rules and regulations followed at the Institute. The information in this handbook represents guidelines only. The rules, regulations and amount specified in this book are liable to change and it is not mandatory to carry out any amendment to this book every time any changes occur. At no point, the content of this book can be quoted as the rule and absolve the responsibility of the readers to be abreast with latest rule in force.

Director's Message

I want to thank and congratulate each one of you for your contribution and support to IIT Indore since its inception. I firmly believe that the Institute has certainly carved a niche for itself and is poised to scale even greater heights in the near future. On the research front, I complement IIT Indore for excelling very well. At the same time, I urge you to spare some time to look into the difficulties faced by the country, local people, workers and farmers, the ones at the bottom of the pyramid, especially in and around the city of Indore and the state of Madhya Pradesh, where we are situated. Some of the areas which need R&D are health-care system, climate change, energy and natural resources management. Most of the problems in this domain are multi-disciplinary in nature and require collaborative efforts among the teams of diverse expertise. With our excellent research potential, we have an opportunity to contribute to these causes and make a national impact. As the Institute is located in a geographically advantageous location, I would urge you to look into the possibilities of establishing Industry-Academia connectivity (consortia approach) with the industries in the vicinity to understand their needs and provide technological solutions. At the same time, a similar consortia-type approach is needed to collaborate with the country-wide industries. On the academic front, National Education Policy 2020 advocates holistic and multidisciplinary education to our students. Offering courses in liberal studies in addition to humanities, social sciences and STEM courses, would help broaden students' knowledge further. Also, providing opportunities to pursue joint degrees and minors, and offering open, field and small-credit courses, with an academic credit bank, help enhance students' interest in academics. Experiential learning approaches like Do-It- Yourself through Makers Spaces, industrial and rural immersion are necessary to help students broaden their outlook. On the outreach front, we need to establish a network of alumni, corporates and philanthropists, making them partners in the growth of the Institute. Such partnerships not only bring resources but also facilitate new ideas making our education and research more relevant. Engaging experts from diverse fields in advisory roles would benefit various programs in the Institute, through their rich experience and wisdom. In summary, my vision is to create an ambience in the Institute, where thousands blossom and benefit people of India. Wishing you and your family members great health, and success in your every endeavour.

Prof. Suhas S. Joshi
Director
IIT Indore

Message from Dean, Faculty Affairs

At the outset let me extend my arms to welcome you to IIT Indore, an Institute of national importance. You are going to become a member of one of the fastest evolving IITs in the globe today. It is with great pride that we assure you of only the best in services and facilities rendered to you during your tenure as a faculty in this institution.

IIT Indore is an autonomous institution under the Ministry of Education (MoE), Government of India. Complete autonomy is given to exercise and promulgate rules and regulations within the framework and overarching policies of the Government of India. In this handbook, we are happy to collate some information that would prove to be very useful to you as a new faculty member of this institution. The spirit of any IIT is to impart the highest quality education in India. Each and every policy, rule and regulation has been introduced after thorough deliberation, discussion and screening at multiple stages. In accordance with the core principles of the Government of India, these rules of the Institution are to be followed without exceptions.

The present handbook provides a handy reference to the rules, regulations and procedures that would be of common use to a new faculty member as a professor, a teacher, employee and as a resident of the campus. This handbook should be considered as a guidance and in case of any contradiction, the rules of the Institute prevalent would supersede any rule mentioned in this book.

We hope that this handbook will be instrumental towards making your stay at IIT Indore all the more pleasant and hereby facilitating a great start for you. We wish you the very best in your endeavours and efforts at IIT Indore.

Chapter 1

The City - Indore

(Source - <https://indore.nic.in/en/>)

- History.** The history of Indore reveals that the ancestors of the founders of the city were the hereditary Zamindars and indigenous landholders of Malwa. They retained their possessions of royalty, including an elephant, Nishan, Danka and Gadi even after the advent of Holkars. During Mughal rule, the families were granted confirmatory sanads by the Emperors Aurangzeb, Alamgir and Farukhshayar, confirming their 'Jagir' rights. Malharro Holkar of the Holkar clan, received Indore as part of his booty in the conquest of Malwa in 1733. His descendants, who formed the core part of Maratha confederacy, came into conflict with the Peshwas and Scindhias and continued the gory battle. There was a sharp turn in the History of Indore with the advent of the East India Company. The Holkars of Indore took part in the battle against the Britishers in 1803. Their glory was razed to dust when they were finally beaten in the Third Anglo Maratha war IN 1817-1818. The Holkar dynasty had to admit defeat and give up a large portion of the territories under them. Matters came to an extreme when the English started intervening in their succession right. Two of the successors abdicated under mysterious circumstances. The History of Indore became murkier and dark as days went by till the independence of India when in 1947 the state came under the dominion of India.

2. **Present.** Indore, located on the Western region of Madhya Pradesh, is one of the most important commercial centers of the state. Even in days of yore, it was an important business hub. But today with the entry of the corporate firms and institutions, it has earned a major name in the commercial sector of the country. It is the only city in the country which has both the Indian Institute of Technology (IIT) and Indian Institute of Management (IIM).

3. **Geographical Area & Location.** Indore lies on the bank of Saraswati and Khan Rivulets, which are tributaries of the Shipra River and has an average elevation of 553 meter above mean sea level. It is located on an elevated plain, with the Vindhyas range to the south. Apart from Yashwant Lake, there are many lakes that supply water to the city including Sirpur Tank, Bilawali Talab, Sukhniwas Lake and Piplyapala Talab. Soil cover in the city region is predominantly black. The city is 190 km west to Bhopal, the state capital of Madhya Pradesh and is at a distance as indicated below (distances have been taken from Rajwada):

Mumbai	– 584 kms
Delhi	– 874 kms
Chennai	– 1574 kms
Hyderabad	– 949 kms
Kolkata	– 1703 kms

4. **Laurels.** It is a proud moment for you that you are presently at the cleanest city of the country. Indore has consistently been ranked as the Cleanest City in India for four years in a row i.e. 2017, 2018, 2019 and 2020. Indore has been selected as one of the 100 Indian cities to be developed as a smart city under the Smart Cities Mission.

5. **Climate.** Indore lies on a borderline between a humid subtropical climate and a tropical savanna climate. Owing to the high elevation and inland location, nights are relatively cool even during the summers, which is why the summer night in the city is known as Shab-e-Malwa. The city is known for its hot summers, cool winters and a moderate monsoon.
6. **Connectivity.** Indore has good connectivity by Rail, Road and Air. Devi Ahilya Bai Airport Indore will soon start international flight operations also. Government and Private both Airline Services are available from Indore to major cities like Delhi, Mumbai, Hyderabad, Bangalore.

- (a) **Air.** Devi Ahilya Bai Airport Indore located at 31 kms from IIT Indore has national flight operations connecting to major parts of the country. It offers good connectivity with major cities of India like New Delhi, Mumbai, Bangalore, Goa, Gwalior, Ahmedabad, Hyderabad, Pune, Kolkata, Jabalpur, Bhopal, Nagpur, Raipur and many others. It has also recently started its international flight operations to Dubai.

- (b) **Rail.** Indore Junction (station code: INDB) is located at 25 kms from IIT Indore. It is well connected to major Indian cities like Mumbai, Pune, Nagpur, Delhi, Jaipur, Agra, Ahmedabad, Vadodara, Howrah, Bhopal, Ujjain, Gwalior, Bhind, Jabalpur, Bilaspur, Khandwa, Lucknow, Varanasi, Patna, Ambala Ct, Jammu, Dehradun and Trivandrum.

- (c) **Road.** Indore is well connected with the nearby cities through road. Lot of buses ply for Mumbai and Bhopal. The national highway NH-3 (Bombay-Agra Road) and NH-59 (Indore-Ahmedabad Road) passes through Indore and there are daily bus services to Mumbai, Jaipur, Gwalior, Bhopal, Pune, Ahmedabad, Surat etc. The main bus stand of Indore is located at Sarvate Bus Stand and Atal Indore City Transport Services Limited (AICTSL) Bus Stand which is located at 24 and 30 kms from IIT Indore).

7. **Important Educational Institutes.** Indore is a hub for educational Institutes and hosts some of the renowned educational Institute (Of course including IIT Indore). Some of them are as follows:

(a) **Engineering and Technology.**

Institute of Engineering and Technology (IET), Devi Ahilya Vishwavidyalaya, Shri Govindram Seksaria Institute of Technology and Science (SGSITS) and many other engineering colleges

(b) **Management.**

Indian Institute of Management (IIM), Indore
Institute of Management Studies, Devi Ahilya

(c) **Medical**

Sri Auribindo Institute of Medical Sciences
Mahatma Gandhi Memorial Medical College

8. **Places to visit in and around Indore.**

Rajwada. Rajwada is a historical palace in Khajuri Bazaar, Indore located 25 kms from IIT Indore. Also known as Holkar Palace, it was built by the Holkars of the Maratha Empire about two centuries ago. The palace was constructed by Malhar Rao Holkar, the founder of Holkar Dynasty in 1747. The palace was his residence and remained so till 1880. Rajwada palace faces a well-maintained garden that has a statue of Queen Ahilya Bai, fountains and an artificial waterfall.

Lalbagh Palace. Located at 25 kms from IIT Indore, this is one of the most exquisite buildings in Indore, built by Maharaja Shivaji Rao Holkar between 1886 and 1921. Its architecture is modelled on the Palace of Versailles, Italy. The Palace boasts of heavy-duty cast-iron gates modelled on the Buckingham Palace of England. Maharaja Tukoji Rao Holkar lived here till his death in 1978.

Kanch Mandir. Located at 28 kms from IIT Indore, this is one of the famous Jain temples of India, built around 1903 by Seth Hukumchand Jain. The external architecture is built as a mansion with a canopied balcony and shikhara. The interior is covered with glass panels and mosaics. Craftsmen from Rajasthan and even Iran worked on these structures. The temple boasts of reliefs depicting Jain stories and historical events.

White Church. Located at 26 kms from IIT Indore, it is one of the oldest churches in Central India, built by Sir Robert M C Hamilton, Governor General of British India, in the year 1858. The church displays ancient British architecture prevalent in most protestant churches in Britain in the 19th Century. Exuding a distinctly European touch with a design by engineer Ross McMahon, the White Church is symbolic of a piece of Britain left in India today.

Gandhi Hall. Located at 26 kms from IIT Indore, it was built in 1904 as King Edward Hall and inaugurated by the Prince of Wales in 1905, this structure was renamed as Mahatma Gandhi Hall in 1948 after independence. It is designed in Indo-Gothic style by Sir Frederic Stevens and hosts a major tourist attraction in the form of the clock tower. Locally, it is known as the 'Ghanta Ghar'.

Choral Dam. Located at a distance of 35 km from IIT Indore, Choral Dam is constructed on the backwaters of River Narmada and is a perfect picnic spot. The dam attracts nature lovers and water sports enthusiasts with its serene surroundings and tranquil vibes. Sunrises and sunsets are quite beautiful at the dam when different hues of the sky make for an amazing backdrop for the lush green trees. Visitors can also enjoy a ride in a speed or paddle boat between 9 am and 6 pm on all days. The dam is mainly used for irrigation as well as drinking purposes but still serves as a great place to unwind in the lap of nature.

Ralamandal Wildlife Sanctuary. Located at a distance of 17 km from IIT Indore, it is one of the oldest Wildlife Sanctuary in Madhya Pradesh. Established in 1989, it is spread of five square miles and traditionally served as a hunting ground for the members of the Holkar Royal Dynasty. The majority of the Fauna includes Leopard, Black Buck, Sambar, Chital, Blue bull, Jarak, Bhedki (Barking deer) Rabbit etc. while Teak, Saja, Chandan, Eucalyptus, Babul, Bamboo etc. are the among the popular available Flora.

Patalpani Waterfall. Located at a distance of 20 km from IIT Indore, it is an iconic waterfall in Mhow tehsil near Indore, with a water height of 300 feet. The area around the waterfall is considered to be a popular and interesting picnic and trekking spot. Local legend says that the water falls to the depths of the patal (underworld), from which the word patalpani emerges. The sight of the beautiful nature along with the soothing sounds of water are sure to have a calming effect on your senses.

Omkareshwar Temple. Located at 54 km from IIT Indore, Omkareshwar is a town in Khandwa district, south of Indore, known for housing one of the 12 revered Jyotirlinga Shrines of Shiva. The shrine is located on an island called *mandhata* in the Narmada River. It is said that the shape of the island is like the symbol *aum*. Two large temples dedicated to Lord Shiva are located here – one in the island and one on the south bank of the river in the mainland.

Mahakaleshwar Temple. Located in Ujjain, at a distance of 86 kms from IIT Indore, the Mahakaleshwar Temple houses another Jyotirlinga of Lord Shiva. The temple is situated to the side of the holy river Shipra. One of the 12 Jyotirlingas in India, the lingam at the Mahakala is believed to be swayambhu (born of itself) deriving currents of power shakti from within itself as against the other images and lingams which are ritually established and invested with mantra-shakti.

9. **Indore Culinary Delights.** Indore reflects the true spirit of Unity in Diversity. Over the years, the city of Indore has welcomed people from all castes, creed and color. People from all corners of the country particularly Kerala, Gujarat, Rajasthan have migrated and settled here. The mixed culture can be invariably seen in the typical food habits ranging from South Indian Idli-Dosa, Vada-Sambhar to Dal-Bafla typical Malwa Food. Indore is known for its wide variety of Namkeens, Gujarati & Chinese food restaurants and Bengali sweets shops. Day in Indore starts early with chuskis of Chai (tea) with Poha and Jalebi followed by delicious lunch which invariably includes popular besan preparations. Later in the day one can easily find snacks

like Khamand, Kachori, Samosa, Patis, Baked Samosa, Bhel Puri, Pani Puri, Mathri etc. Indore's famous food street, "Chappan Dukaan" has been redeveloped as a smart food street. Right from 6:00 a.m. every day, when the Indore's ubiquitous breakfast Poha is served at various shops, till late in the evenings (around 10:00 p.m., this market is abuzz with a huge variety of items -

you can have many types of snacks, chaat, sweets, foods, hotdog (banjos), momos, and hot & cold drinks such as coffees, teas, milkshakes, juices, etc., all at one place. Late nights food market comes alive at 11:00 p.m. in Sarafa (the heart of city) where one can find lot of delicacies like Gajak, Bhutta kis, Gulab Jamoon, Garadu, Rabri, Hot Milk, Aalo Tikiya, Halwa, Ice Creams, Shakes etc. and finally tasty 'paan' to end your day.

Chapter 2

The Institute

1. IIT Indore was established by an Act of Parliament on 17 February 2009. IIT Indore has constantly strived for excellence in academics & research and has etched itself amongst the premier institutions of the country. IIT Indore has achieved national and international recognition for the contribution to scientific research in the country, with some of the highest rankings for any Indian institution. The Institute has achieved new heights in terms of academic and research progress from any Institution in India, especially among Institutes that have been started at around the same time.
2. Presently, the Institute has 11 academic departments and around 40 courses supported by an agile and highly capable administrative division. The Institute is continuously looking to design new and unique courses. Apart from an outstanding research-focused atmosphere, IIT Indore provides ample opportunities for the community to pursue extra-curricular activities by means of a number of clubs and events geared towards sports and cultural aspects of life.
3. IIT Indore is moving up fast in National Institute Ranking Framework (NIRF), currently in 10th place among engineering institutes and ranked 351-400 in the world on Times Higher Education (THE) rankings, 55th in Asia and 61st in emerging economies as per the 2020 data. IIT Indore has been rated as the top new IIT by the Abstracting and Indexing Service Scopus. IIT Indore has one of the leading Institute in h-index amongst all new IITs.
4. IIT Indore has always promoted interdisciplinary approach and proposed and nucleated Centres which in due course of time became Departments in their own right. The Departments are being set up keeping in mind the focal strengths of the Institute and the national priorities for research as defined by the Government of India from time to time.
5. **Vision.**
 - (a) To establish a centre for excellence in interdisciplinary education that serves as a transformative role model towards the education sector and society in general by means of imparting the very best training and education.
 - (b) To serve as a valuable resource for the country, and to always protect and enhance the national pride by force of overwhelming talent representing the country.
 - (c) To serve as the benchmark for education and training in science and technology for the consideration of society, industry and educationists alike.
6. **Mission.** The driving force behind the 21st century is the development of knowledge-intensive societies. This awareness has led to the creation of new institutes of higher learning in India in the past few years. Indian Institute of Technology Indore, established in 2009, is part of this mega-project that envisages India as a Global Technology Leader. Continuing with the tradition of the older IITs, IIT Indore aims to play an active role in this task of propelling India on her

growth-trajectory by focusing on education, research and development. IIT Indore visualizes this mission within the context of larger humanistic concerns.

- (a) To promote and encourage the very best and innovative methods of Research and Teaching.
- (b) To foster society towards scientific method of thinking and to fulfil their responsibility as educated citizens of the nation.
- (c) To serve and protect the interests of the nation and its people.
- (d) To consider, with due care, the issues of national importance and global concern.
- (e) To establish the Science and Engineering workforce of India as among the foremost in the world.
- (f) To promote broad-based, interdisciplinary, flexible education that allows students to absorb and execute their works on myriad levels.
- (g) To foster and cultivate intellectual exchange, cultural exchange and creativity of every human being.
- (h) To promote and encourage the methods of exploration, gaining knowledge, rationalism and enterprising spirit among the society and students.

7. **Values.**

- (a) Utmost commitment to academic integrity and honesty.
- (b) Respect for all human beings, at all levels.
- (c) Commitment towards elimination of discrimination based on caste, creed, sex or religion etc.
- (d) Tolerance and understanding of the views (scientific or otherwise) of every individual.
- (e) Appreciation and encouragement of intellectual depth, experience and creativity.
- (f) Promotion of enterprise and scientific spirit.
- (g) Promotion of education at all levels and of all sections of society.
- (h) Commitment to following the rules and regulations of the land and Institute.

8. **Academics.** IIT Indore conducts academic programmes and research activities in the broad disciplines of Technology/Engineering, Science and Humanities. The institution believes in the interdisciplinary nature of academic and research activities. The Academic Units are broadly represented by:

- (a) Engineering. Mechanical Engineering (ME)
 Computer Science and Engineering (CSE)
 Electrical Engineering (EE)
 Civil Engineering (CE)
 Metallurgy Engineering and Materials Science (MEMS)
- (b) Science. Physics
 Mathematics
 Chemistry
- (c) Interdisciplinary. Biosciences and Biomedical Engineering (BSBE)
 Astronomy, Astrophysics & Space Engineering (DAASE)

(d) Humanities. Humanities and Social Sciences (HSS)

9. **Chronology of Major Academic Milestones.**

- 17 February 2009: Foundation laying of IIT Indore at Simrol campus.
- July 2009 : Start of BTech program with admission of 107 students with three branches i.e. CSE, ME and EE.
- July 2010 : Start of PhD program.
- May-July 2011 : School of Engineering shifted to rented PACL Campus.
- 22 July 2011 : 1st meeting of Academic Council of IIT Indore.
- March 2012 : All academic records shifted from IITB to IITI Academic Server.
- April 2013 : Conversion of Academic Council to Senate.
- 08 June 2013 : 1st batch of BTech students graduated during 1st Convocation.
- July 2013 : Start of MTech and MSc Programs.
- 05 June 2014 : First batch of 6 PhD students received degree during 2nd Convocation
- July 2014 : Start of Minor programs in Branches
- Aug 2015 : 1st batch of MTech and MSc students graduates
- Dec 2015 : Academic activities shifted to Simrol Campus
- July 2016 : B. Tech. program started in CE and MEMS. Intake to BTech program increased from 120 to 260
- Dec 2016 : Residence of UG students shifted to Simrol Campus
- July 2017 : 1st BTech batch admitted to entirely in the permanent campus
- October 2020 : 1st batch of 6 MS (Research) students in CSE graduate.

10. **Some Unique Features of IIT Indore.** IIT Indore is known for uniqueness and many “firsts”. The Institute has defined its own path and believes in creating its own niche. Some of the unique features of IIT Indore are as follows:

- (a) Very strong emphasis on practical/hand-on training in UG and PG programs (BTech student of any branch must do at least 10 practical courses during 3rd to 6th semester)

- (b) 7th Semester of B Tech program free from any course work to enable B Tech students to undertake research oriented BTP which can be done entirely outside IITI.
 - (c) Financial support for high quality BTP through Promotion of Research and Innovation among Under-graduate Students (PRIUS).
 - (d) All the elective courses of all the Academic Programs are Open Electives i.e. choice based credit system.
 - (e) Very strong emphasis on inter-disciplinary research.
 - (f) Exposure to UG students to state-of-art research laboratories whilst working along with PG and PhD students and Post-Docs.
 - (g) 50-60% credits in PG programs dedicated to Thesis work.
 - (h) Enabling PhD and PG students straight away start research work with less coursework (MTech/ ME/ MPhil qualified PhD student has 2 theory courses only).
11. **How to reach IIT Indore.** IIT Indore is located at 31 kms from the Devi Ahilyabai Holkar Airport and 30 kms from Indore Railway Station. To reach IIT Indore from the airport or railway station, you may use any of the prepaid taxi services or AICTSL Bus No. M19 (plying frequently from Bhawarkuan Square, ABRoad to IIT Indore, Simrol). If you are commuting through two-wheelers, then you are required to wear proper full head helmets, as it is mandatory to wear helmets on two wheelers within the Institute campus.

Chapter 3

Governance Structure

1. The Institute is principally governed by *The Institutes of Technology Act, 1961*, *The Institutes of Technology (Amendment) Act, 2012* and IIT Indore Statutes. However, all rules in force must confirm in spirit to the established and relevant rules in force, promulgated by the Government of India for Government Institutions and Employees from time to time. Whenever the Act of Statutes are not clear on any matter, the relevant rules of the Government of India and/or its constituent units are to be used as the reference.
2. As a member of IIT Indore community, it is advised to familiarize yourself with the following rules and regulations of IIT Indore:
 - (a) The Institutes of Technology Act, 1961 (as per latest amendment)
 - (b) The Institutes of Technology (Amendment) Act, 2012
 - (c) The Statutes of IIT Indore
3. For matters not explicitly covered in the above documents or Institute Rules and Regulations, the following regulations may be used as additional reference:
 - (a) Central Civil Services (Classification, Control & Appeal) Rules, 1965
 - (b) Central Civil Services (Conduct) Rules, 1964
 - (c) Central Civil Services (Leave) Rules, 1965
4. **The Visitor.** The President of India is the Visitor of the Institute. The visitor is vested with the power to change, revoke or review and decision, statute or bye-law of the Institute.
5. **The Council.** The IIT Council is the apex body responsible for the general governance of all IITs. The IIT Council is chaired by the Hon'ble Union HRD Minister, while the members are composed of Chairman and Director of all IITs, Chairman of UGC, DG CSIR, Chairman & Director of IISc, 03 MPs, 01 member nominated by AICTE, 03 members by Central Government and 03-05 members to be nominated by the Visitor. The IIT Council convenes regularly to discuss common issues related to Indian education that affect all the IITs. *The detailed function of the IIT Council is provided in Section 33 of IIT Act 1961.*
6. **Board of Governors (BoG).** The Board of Governors is the principal advisory and governing body of the IIT. All major policy decisions are beapproved by the Board before coming in force. This includes appointments and terminations of staff/faculty, award of degrees, major purchases, constructions, starting of new disciplines/departments, approval of long-term leaves, etc. *The details are available in Section 3 of IIT Indore Statutes.*

Members. Chairman, Director, 01 nominee by State Government, 04 nominees of the Council having special knowledge or practical experience in respect of education, engineering or science, 02 Professors of the Institute nominated by the Senate and Registrar as the Member Secretary.

Meeting. Not less than twice during a calendar year
05 members form the quorum

7. **Finance Committee (FC).** The Committee shall provide views and make its recommendations to the Board on any financial matter relating to the Institute. *The details are available in Section 7 of IIT Indore Statutes.*

Members. Chairman, Director, 02 nominees by Central Government, 02 nominees by Board and Registrar as the Secretary.

Meeting. Not less than twice during a calendar year
03 members form the quorum

8. **Building and Works Committee (BWC).** Proposals and issues related to the construction works are taken up by the Building and Works Committee. *The details are available in Section 8 of IIT Indore Statutes.*

Members. Not less than 05 and not more than 07 members appointed by the Board with Director as an ex-officio member and Registrar as the Secretary.

Meeting. Not less than twice during a calendar year
03 members form the quorum

9. **The Senate.** The Senate is the custodian of all academic affairs of the Institute. *The details are available in Section 5 of IIT Indore Statutes.* The Senate is empowered to:

- (a) Sanction academic programs & courses approve their contents and any changes thereof, and oversee their conduct.
- (b) Set the criteria for the award of academic degrees and honors and approve each individual award.
- (c) Set the criteria for the termination of students' programs and approve each termination with due deliberation.
- (d) All academic matters related to the selection of students or participants in academic programs and courses, and periodic information regarding their progress and completion, shall similarly be reported to the Senate for its information and approval.
- (e) May approve changes in the program of study of students.
- (f) Creation of new academic departments, schools and centres or abolition thereof or any significant changes in the profile of such entities that are already existing, shall be approved by the Senate and thereby recommended to the Board.
- (g) Policy and infrastructural initiatives that have bearing on the research and academic profile of the Institute shall be presented to the Senate on a regular basis for its comments and advice, which shall be non-binding but must be communicated to the Board.

Members. Director, Deputy Director, Professors, Deans, HoD, 03 persons (not being employees of the Institute) to be nominated by the Chairman in consultation with the Director from among educationists of repute, one each from

the fields of Science, Engineering and Humanities, 02 distinguished persons from Industry/ R&D or any comparable organisation, upto 05 student representatives and Registrar as the Secretary.

Meeting. Not less than 04 times during a calendar year
1/3 members shall form the quorum

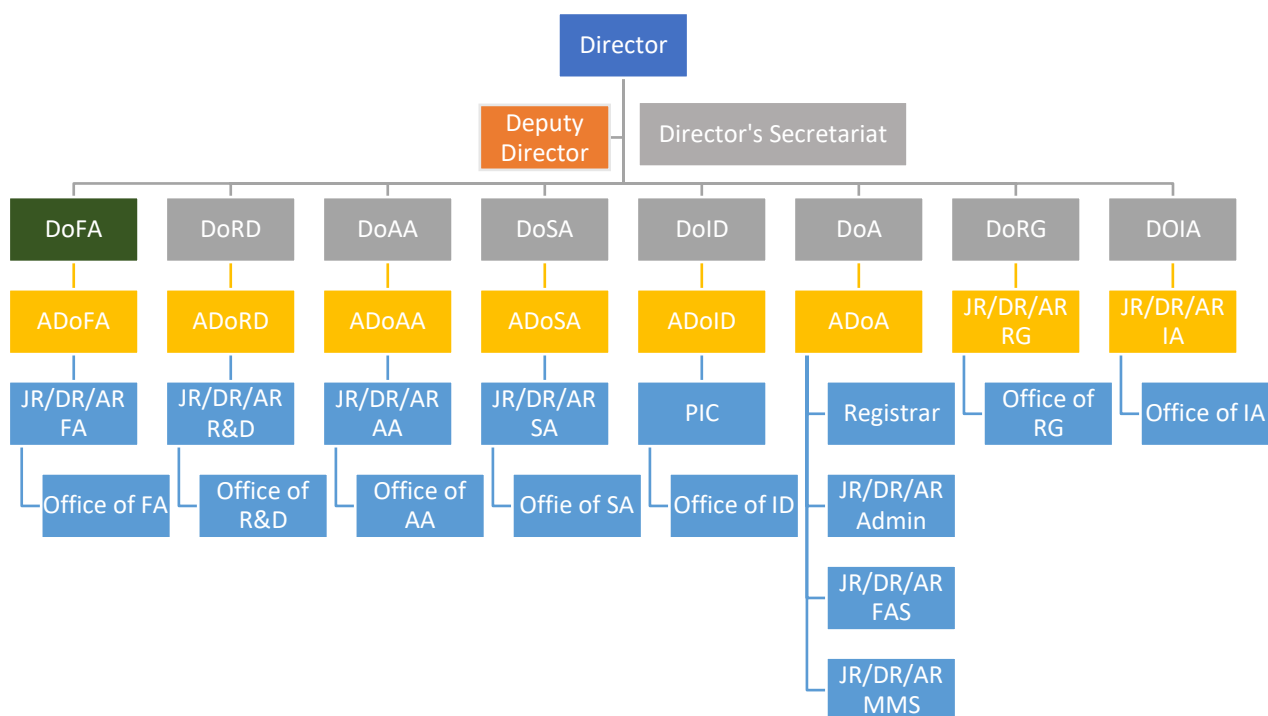

10. **Director.** The Council may appoint, with prior approval of the Visitor, an eminent person as Director on contract for a period not exceeding five years, with a provision for renewal for further periods. *The powers and functions are available in Section 12 of IIT Indore Statutes.*
11. **Deputy Director.** The Board, in the interest of smooth functioning of the Institute, shall have the power to create one or more posts of Deputy Director. The appointment of the Deputy Director, from among the faculty members of the Institute, shall be made by the Board on the recommendation of the Director. The Deputy Director shall assist the Director in such academic and administrative work as may be considered necessary from time to time.
12. **Deans.** The Board shall appoint Dean(s), from among the faculty members of the Institute, for performing such duties and functions and on such terms and conditions as the Board may decide from time to time. Presently, The Institute has the following Deans:
 - (a) **Dean of Faculty Affairs (DoFA).** DoFA deals with matters related to Faculty members including recruitment, approval of leaves etc.
 - (b) **Dean of Academic Affairs (DoAA).** DoAA is the head of the Academic Office, which holds the records of all students with regards to academic performance. He/ She presides over the general superintendence and conduct of the UG and PG academic affairs and serves to resolve grievances of faculty and students w.r.t. the academic programme. Proposals regarding conduct and modification of academic programmes, received from the departmental heads are recommended by him/ her for further consideration and approval.
 - (c) **Dean of Research and Development (Dean R&D).** Dean R&D is responsible for the promotion and promulgation of research activities and regulating funds for doing research at IIT Indore received from external agencies.
 - (d) **Dean of Student Affairs (DoSA).** DoSA is responsible for all matters concerning the students, other than academic matters. He/ She is the Convenor of the Disciplinary Committee which is formed in the event of any misconduct by any student of the Institution.
 - (e) **Dean of Infrastructure Development (DoID).** DoID oversees all matters related to the creation, modification and repurposing of civil infrastructure and maintenance/upkeep of existing civil infrastructure such as roads, electricity, water supply etc. The maintenance and upkeep issues related to

Facilities

1. **Sophisticated Instrumentation Centre.** (For

details, kindly refer <http://people.iiti.ac.in/~sic/>)

Sophisticated Instrumentation Centre (SIC), was established in September 2011 to facilitate the research program at IIT Indore across the discipline. It is now a national facility providing service and expertise to academic and industry from all parts of country and some international centres. SIC is analyzing and recording more than 10000 samples yearly in diverse instruments across the disciplines of science and engineering and it is not only catering the need of the institute but also supporting more than hundred users and many institutes across India. Among more than forty sophisticated instruments housed in this centre. Nuclear magnetic resonance (NMR) spectrometer remains one of the mostly used equipment which is utilized to identify an unknown molecule. Confocal microscope is another instrument which remains particularly very much popular among biologists and works on the principle of fluorescence.

2. **Central Workshop.** It has a fully functional Mechanical Engineering Workshop including sections of Machining, Foundry, Welding, Forming, Plastic Parts Manufacturing, Carpentry and Fitting. Different machines available in the Central Workshop are used by the students of different academic programs to manufacture and/or fabricate their apparatus, setup, equipment, etc. for their experimental research and projects. They are also used to fabricate different accessories, equipment i.e. UV based disinfection, pedal operated sanitizer dispenser, dustbins, key chains, etc.

3. **Learning Resource Centre.** The LRC

has a collection of 36,790+ books, 575+ Theses and Dissertations at present. These include books on all relevant subjects for teaching, reference and research in addition to fiction, literature and general interest books to take care of the leisure and recreation reading needs of users. The LRC has also developed special collections of books such as Gandhian Studies, Hindi books, Children's books, etc. The working hours are from 09:30 a.m. to 06:30 p.m. from Monday to Saturday. It is closed on Sundays & Holiday. You can get more information at <http://library.iiti.ac.in/>.

4. **Medical.** (For details, kindly visit <http://people.iiti.ac.in/~medical/facility.php>)

Chapter 8

Your Role

1. Sky is the limit at IIT Indore. The Institute expects the very best standards of Research and Teaching from you. In addition, the Institute will entrust you with additional responsibilities which would be required for the better functioning of the administration.
2. Following is a rough outline of what is expected from you:
 - (a) Contribute immensely to the Institute in Teaching, Research and Service.
 - (b) Handling of teaching intensive assignment/course work.
 - (c) Good research productivity in the form of laboratory development.
 - (d) Recruitment of PhD and/or master's, bachelor's students indicated by research output and project execution.
 - (e) At least one grant proposal submitted within the first 72 months after joining, and independent research funding secured within about a year.
 - (f) Promote innovation and entrepreneurship.
 - (g) Assist the Institute in administrative matters.
3. **Teaching at IITI.** As a core activity (along with research), teaching involves the successful conduct and delivery of the academic programmes of the Institution. The Senate approves the courses for teaching for various academic programmes at IIT Indore. As a faculty member, you can propose new courses as electives in your area of expertise. These courses go through a process of approval, first at the departmental level, then at the level of the appropriate Program committee (DPGC/DUGC) and finally at the Senate level itself.
4. **Academic Courses.** (For details, kindly refer <https://academic.iiti.ac.in/>) The Academic Office is responsible for all the academic affairs of the students of the Institute. Dean of Academic Affairs heads the office and is assisted by Associate Dean (Academic), Joint Registrar/Deputy Registrar/Administrative Officer, Managers and Deputy Managers besides some contractual employees. The Institute offers around 40 courses in various disciplines and are as follows:
 - (a) **Bachelor of Technology (B.Tech)**
 - (i) Computer Science and Engineering (from AY 2009-10)
 - (ii) Electrical Engineering (from AY 2009-10)
 - (iii) Mechanical Engineering (from AY 2009-10)
 - (iv) Civil Engineering (from AY 2016-17)
 - (v) Metallurgy Engineering and Materials Science (from AY 2016-17)
 - (b) **Master of Technology (M.Tech) with provision of converting to M.Tech + Ph.D dual degree at the end of 3rd Semester**
 - (i) Electrical Engineering with specialization in Communication and Signal Processing (from AY 2013-14)

- (ii) Electrical Engineering with specialization in VLSI Design and Nanoelectronics (from AY 2017-18)
 - (iii) Mechanical Engineering with specialization in Production and Industrial Engineering (from AY 2013-14)
 - (iv) Mechanical Engineering with specialization in Mechanical Systems Design (from AY 2018-19)
 - (v) Metallurgy Engineering and Materials Science with specialization in Materials Science and Engineering (from AY 2015-16)
 - (vi) Metallurgy Engineering and Materials Science with specialization in Metallurgy Engineering (from AY 2018-19)
- (c) Two-year Master of Science (M.Sc) with provision of converting to M.Sc + Ph.D dual degree at the end of 3rd Semester
- (i) Chemistry (from AY 2013-14)
 - (ii) Physics (from AY 2013-14)
 - (iii) Mathematics (from AY 2015-16)
 - (iv) Biotechnology (from AY 2017-18)
 - (v) Astronomy (from AY 2018-19)
- (d) Five-year B.Tech + M.Tech (only for eligible B.Tech students of IIT Indore at the end of 6th semester)
- (i) B.Tech in Electrical Engineering with M.Tech in Communication and Signal Processing (from AY 2014-15)
 - (ii) B.Tech in Electrical Engineering with M.Tech in VLSI Design and Nanoelectronics (from AY 2017-18)
 - (iii) B.Tech in Mechanical Engineering with M.Tech in Production and Industrial Engineering (from AY 2014-15)
 - (iv) B.Tech in Mechanical Engineering with M.Tech in Mechanical Systems Design (from AY 2018-19)
 - (v) B.Tech in Metallurgy Engineering and Materials Science with M.Tech in Materials Science and Engineering (from AY 2019-20)
 - (vi) B.Tech in Metallurgy Engineering and Materials Science with M.Tech in Metallurgy Engineering (from AY 2019-20)
- (e) MS (Research)
- (i) MS (Research) in Computer Science and Engineering (from AY 2018-19)
 - (ii) MS (Research) in Electrical Engineering (from AY 2019-20)
 - (iii) MS (Research) in Mechanical Engineering (from AY 2019-20)
- (f) Doctor of Philosophy
- (i) Computer Science and Engineering (from AY 2010-11)
 - (ii) Electrical Engineering (from AY 2010-11)
 - (iii) Mechanical Engineering (from AY 2010-11)
 - (iv) Civil Engineering (from AY 2017-18)
 - (v) Metallurgy Engineering and Materials Science (from AY 2014-15)
 - (vi) Bio-sciences and Bio-medical Engineering (from AY 2012-13)

- (vii) Chemistry (from AY 2010-11)
- (viii) Physics (from AY 2010-11)
- (ix) Mathematics (from AY 2010-11)
- (x) English (from AY 2011-12)
- (xi) Philosophy (from AY 2010-11)
- (xii) Economics (from AY 2010-11)
- (xiii) Psychology (from AY 2012-13)
- (xiv) Sociology (from AY 2013-14)
- (xv) Astronomy, Astrophysics and Space Engineering (from AY 2016-17)

5. **Credit System.** IITI follows a credit system for its academic programmes, in which the credits assigned to an academic activity are indicative of the quantum of work involved in that activity. Thus, the credits for a course, for example, depend on the number of Lectures per week, the number of Tutorials per week and the number of Practical or Laboratory hours per week. Credits are also assigned to activities such as seminars and projects.
6. **Assessment Method.** The assessment of a student's performance in a course is by continuous evaluation through the duration of the course. Typically, the evaluation is comprised of assignments, tests and other activities such as course projects which run through the semester, a mid-semester examination and the end-semester examination. The final percentage marks obtained by a student are converted to a letter grade, usually based on the performance of the student relative to the class. Instructors are expected to make available the corrected answer scripts for every assignment, quiz or examination (including the end-semester exam) for the students' inspection on request.
7. **Feedback.** The Academic office obtains feedback on the effectiveness of your teaching through a system of online course evaluation by students, which happens at the end of the teaching semester.
8. **Faculty Advisor.** On joining the Institute, you will be given a very important additional responsibility as a Faculty Advisor to one or more students. You will have to provide guidance and advice concerning academic, professional, and personal growth of the assigned students. The guidance to the students will enable them to complete their course of study in a smooth and satisfactory manner.
9. **Discipline Under/Post Graduate Committee (DUGC/DPGC).** Each department/ discipline/ inter-disciplinary research program has a DUGC/DPGC to deal with all the academic matters of its UG/PG/Ph.D students. The committee members and its convener are appointed by the concerned HOD. The Faculty advisors of the UG students report the academic matters related to the UG students to the concerned DUGC. The Thesis supervisor(s) or Faculty advisor(s) of a PG/Ph.D. student report the academic matters related to that PG/Ph.D. student to the concerned DPGC.
10. **Senate Under/Post Graduate Committee (SUGC/SPGC).** This is an Institute level committee to deal with all the academic matters of the UG/PG/Ph.D students based upon the recommendations of the concerned DUGC/DPGC and it submits its recommendations to the Senate.

11. **System of evaluation and award of grades.** At the end of every semester, a student is awarded a grade based on his/her performance in examination, in every course registered by him/her. These grades are described by the letter grade and have numerical equivalent called the grade points as given below:

Letter Grade	Grade Point	Remark
AP	10	Awarded to the students with exceptional performance in the course
AA	10	Passing grades based on the marks scored by the student
AB	9	
BB	8	
BC	7	
CC	6	
CD	5	
DD	4	
FR	0	Credit not earned.
XX	0	<ul style="list-style-type: none"> • Repeats the course (for compulsory course). • Repeat or replace the course (for elective course).
PP	-	Pass (for non-credit course)
NP	-	Not Pass (for non-credit course)
AU	-	Pass (for audit course)
SS	-	Satisfactory (for PhD thesis)
US	-	Unsatisfactory (for PhD thesis)

- (a) Scale of marks to award the above-mentioned grades will be decided by the concerned Course Coordinator. However, grades will be authenticated by Senate Post Graduate Committee (SPGC) before releasing the grades. Course coordinator(s) should not reveal the grades to students before authorization by SPGC. They may show the Answer Sheets and marks to the students.
- (b) For AP grade upper cap is 2% with class strength of 25 or above i.e. for a class strength of 25 to 50, 1 student can be awarded AP grade.
- (c) Upper cap for AA grade is 15% (including 2% of AP grade), it can be rounded-off to higher integer number in case of fractional number, i.e. 6.1 can be made 7.
- (d) Highest grade that can be awarded to a student repeating a course [on account of earning FR or XX grade in that course in previous semester(s)] is BB.
- (e) Minimum grade for earning credits in a course is DD.

12. **Role of Head of Department.** The academic departments are headed by a competent and established faculty member of the Institute with a fixed tenure. All paperwork of the Department is routed through the Head of the Department. A head is generally appointed by the Director after seeking appropriate consensus from the faculty members of the Academic Unit. The Head of Department undertakes major decisions for the Department in consultation with the faculty members of the Discipline. The matters related to students are handled through the Discipline Undergraduate Committee (DUGC) and the Discipline Post Graduate Committee (DPGC), which report to the Head.
13. **Research Work.** (For details, kindly refer <http://rnd.iiti.ac.in/final/home.php>) Research at IIT Indore has been recognized at both international and national level. Faculty members and scientists are actively involved in several key international projects and joint collaborations with research organizations in Japan, South Korea, Russian Federation, Portugal, France, Germany, UK, USA, and many other countries. The institute has been successful in securing 273 externally sponsored research projects with a sanctioned amount of Rs. 100.63 Crore.
14. **Continuing Education Programmes.** IIT Indore promotes and has organized several Continuing Education Programmes (CEPs) and Short Courses for working professionals in industry, institutions, and universities across India, to enable them to update their knowledge & skills and to train them in state-of-the-art facilities.
15. **Consultancy.** In order to foster strong links with industry for collaborative research, technology transfer, and specialized human resource development, consultancy services are offered to industrial partners, government organizations, and other agencies in niche areas of expertise available within the institute. Consultancy and related services offered at IIT Indore are classified into two categories, Expert Advice and Development Projects and Testing Projects.
16. **Innovation and Entrepreneurship.** IIT Indore has a Centre for Innovation, Incubation and Entrepreneurship and Industry Relations (CIIEIR), which promotes free thinking and implementation of student ideas into real world products and services. The aim of the Centre is to promote and encourage community to start up their ventures while in the campus and equip them with skills to start-up their own businesses and enterprises in near future. If you wish to incubate at CIIEIR then you must forward an application after due recommendation from respective HoD to Dean of Faculty Affairs for approval. You must read & agree to the “terms and conditions” of IIT Indore Incubation Centre. An Internal Review Committee (IRC) constituted by the Chairperson, Governing Council would be setup to evaluate and carry out the selection procedure. For details you should go through the Incubation policy of the Institute available at <http://people.iiti.ac.in/~cie/docs/Incubation%20Policy.pdf>.

Chapter 9
